## NOTICE OF INFORMAL STAKEHOLDER WORKSHOPS/ ORAL PROCEEDINGS/PUBLIC HEARINGS Second Quarter 2004

Maricopa County Environmental Services Department, Air Quality Division, will conduct Informal Stakeholder Workshops, Oral Proceedings, and Public Hearings regarding the Maricopa County Air Pollution Control Regulations according to the schedule provided in this notice. If the information in this notice changes, the change(s) will be announced on the Internet (at the web site address listed below) and on Maricopa County's Workshop Update Line (listed below).

All **Workshops** and **Oral Proceedings** will be held at 1001 North Central Avenue, Phoenix, Arizona, **Room 560** unless otherwise noted. Draft rules may be picked up at 1001 North Central Avenue, **Suite #201**, Phoenix, Arizona, or on the web at <http://www.maricopa.gov/envsvc/air/workshops.asp>. For current information on workshop times and locations, call our Workshop Update Line at **(602) 506-0169**. For questions or additional information, call the contact person listed or **(602) 506-7396**.

---

**Public Hearings** are held at: Maricopa County Board of Supervisors' Auditorium  
205 West Jefferson Street, Phoenix, Arizona

For rules going to Public Hearing, a summary of the proposed action, a summary of comments and departmental responses, and a demonstration of compliance with A.R.S. 49 Subpart 112 A or 112 B will be available along with the draft rules at 1001 North Central Avenue, **Suite #201**, Phoenix, Arizona.

**Rules are effective as of the date of approval by the Board of Supervisors unless an effective date for certain revisions is otherwise noted within the text of the rule.**

A sign language interpreter, alternative form materials, or infrared assistive listening devices will be made available at the Public Workshops and Hearings upon request with 72 hours notice. Additional reasonable accommodations will be made available to the extent possible within the time frame of the request. Requests should be made to (602) 506-4057.

**Informal Stakeholder Workshops, Oral Proceedings and Public Hearings are subject to change. Please call 602-506-0169 or go to <http://www.maricopa.gov/envsvc/air/workshops.asp> for updates.**

**RULE SUMMARIES FOR INFORMAL STAKEHOLDER WORKSHOPS**

**Rule 242 (Emission Offsets Generated By The Voluntary Paving Of Unpaved Roads)**

During the second workshop, Maricopa County will discuss changes made to the first draft: (1) renaming of the term "emission credits" to "emission offsets", (2) expansion of Section 400 regarding administrative requirements, (3) expansion of Section 302, and (4) expansion of Section 504. New Section 302 now includes traffic count monitoring and Maricopa County's silt content test method. New Section 504 now includes the formulas for calculating the emissions for unpaved and paved roads.

**Dust Control/Demolition Permit Application & Guidance**

Maricopa County is revising the "Application For An Earthmoving Permit" and the "Guidance For Filling-Out An Application For An Earthmoving Permit". Changes include adding details and explanations for all the information required in the Dust Control/Demolition Permit Application, describing control measures necessary to meet the requirements under Rule 310 (Fugitive Dust), and describing soil types necessary to meet the requirements under new Appendix F (Soil Designations).

## **RULE SUMMARIES FOR ORAL PROCEEDING**

No Oral Proceedings are scheduled to be conducted during the 2<sup>nd</sup> quarter of 2004.

## **RULE SUMMARIES FOR PUBLIC HEARING**

### **Rule 280 (Fees)**

The Maricopa County Board Of Supervisors adopted Rule 280 on May 21, 2003 and the rule became effective on July 1, 2003. Shortly thereafter, Maricopa County discovered that it inadvertently omitted some text from the table in Section 302.2 and that it numbered Sections 205 and 207 incorrectly. The proposed revisions to Rule 280 include correcting the text in the table in Section 302.2 to read "Sources listed in Tables C-E", renumbering the first section in Section 205 to read "205.1" and the second section to read "205.2", and renumbering the first section in Section 207 to read "207.1" and the second section to read "207.2".

### **Rule 331 (Solvent Cleaning)**

Rule 331 (Solvent Cleaning) regulates operations using volatile organic compound (VOC)-containing solvents in non-vapor batch cleaning machines, non-vapor in-line cleaning machines, batch-loaded vapor cleaning machines, and in-line vapor cleaning machines. Maricopa County Environmental Services Department (MCESD) adopted Rule 331 on April 7, 1999 and submitted Rule 331 to the Environmental Protection Agency (EPA) for implementation into the Arizona State Implementation Plan (SIP). In the Federal Register on April 16, 2003, EPA issued a limited approval and limited disapproval of Rule 331 as adopted on April 7, 1999. EPA identified the following as deficiencies in Rule 331 and directed Maricopa County to correct such deficiencies: (1) The provisions of Rule 331 exempt sources that are not necessarily covered by any other federally approved rule, (2) Sections of Rule 331 provide methods of determining capture efficiency but do not refer to EPA's January 9, 1995 guidance document, *Guidelines For Determining Capture Efficiency*, describing calculation procedures, (3) Sections II and III of the appendix to Rule 331 do not clarify which and how standards are adjusted for boiling point, and (4) Section II(6) of the appendix to Rule 331 raises the threshold limit from 10.75 sq.ft. to 13 sq.ft. for additional control without adequately justifying this relaxation. The proposed revisions to Rule 331 address the four deficiencies and correct typographical and formatting errors.
